Flexible Integration Combinations

Symbol plus Tracient RFID

- ✓ Limited combos from Symbol itself (MC9090 G)
- ✓ Third party clip-ons are around but not across the whole Symbol range
- ✓ Tracient RFID provides a quick tactical solution in the interim

9000 Series

MC70

MC35

Purchaser perspective – quick start with Tracient

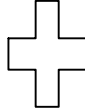

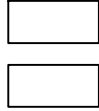

- ✓ Quick way of enabling RFID to any appropriate PDA
- ✓ Lower total cost of ownership and extended through life of existing infrastructure
- ✓ Flexible: Mix and Match hardware features to suit your need
- ✓ New technologies can be tested on existing infrastructure
- ✓ Incremental deployment
- ✓ Lower cost of implementation to small sites
- ✓ Two piece solution doesn't always suit but allows for a return on investment whilst integrated solutions stabilise price
